

PVHOA Townhall Meeting

Wednesday, 24 April 2024, at the Pearl Valley Conference Venue at 18:00

Dear Pearl Valley Homeowners

The Townhall Meeting taking place on Wednesday next week will deal with vitally important matters relating to the Super Estate negotiations with Val De Vie, and we urge all Members to attend.

Kindly note that Members can attend the meeting in person or virtually via the online platform (Lumi).

Nature of the meeting:

The Trustees will present a detailed update on the Super Estate process and respond to Members' questions and comments. No voting will take place at the meeting, but the Trustees will present the terms of a formal **Members' Referendum** to be conducted in the days immediately following the meeting.

In-person attendance:

Members attending the meeting in person may sign in on the night of the meeting, from 17:00 at the Pearl Valley Conference Venue.

Online attendance:

Members who intend to join the meeting online, must please register in advance. Online registration will open on Friday, 19 April at 08:00 and close on Wednesday, 24 April at 12:00.

To register, please click on the link below:

<https://reg.lumiengage.com/pvhoa-townhall-2024/virtual/Site/Register>

Once registration has been approved, Members will receive confirmation by email from Lumi. After registration closes at 12:00 on Wednesday, Lumi will email a unique login ID and password to each registered Member.

Questions:

Members are encouraged to submit questions to the Trustees in advance by email to info@pvhoa.co.za. All questions received will be collated and addressed at the meeting. Online attendees will have access to a text messaging function in order to submit questions during the meeting.

Meeting procedure:

The Conference Venue will be open at 17:00. The Townhall Meeting will start promptly at 18:00 and aim to conclude by 19:30. Members are invited to stay for a glass of wine and canapés afterwards.

Technical matters:

Although we have not experienced load-shedding lately, there is still a possibility that it could happen. If load-shedding occurs during the meeting, backup power will kick in within a minute or two, allowing the meeting to continue. Online participants may unfortunately experience breaks in connectivity and may need to reconnect using the same link.

For any procedural enquiries or technical questions during the meeting, please email supportza@lumiglobal.com.

Kind regards

PV HOA
