

PEARL VALLEY APP - iOS USERS - VISITOR CODES

GLOvent Solutions has issued an important notice regarding a recent increase in technical support queries from iOS users who are unable to invite visitors via the app. The issue has been traced to the Contact List permission not being enabled on users' devices.

While GLOvent is currently working on a new app release to address this problem, they have provided a temporary solution. Users are advised to manually enable the required permission by following five simple steps. Please refer to the instructions below. If you continue to experience difficulties generating visitor codes, contact the HOA directly at info@pvhoa.co.za.

RESPONSIBLE DOG OWNERSHIP - REMINDER

The HOA continues to receive complaints from residents about dogs running off leash in various areas of the Estate.

According to Estate Rule 12.4, dogs must be kept on a leash at all times in public areas. This ensures that dogs remain under control and helps prevent potential incidents or conflicts.

Moreover, Rule 12.5 explicitly states that dogs are strictly prohibited on the golf course. This rule applies 24/7 (i.e., not only during playing hours) and is critically important for preserving the quality and integrity of the golf course, as well as ensuring an enjoyable playing experience for members and visitors alike.

Residents are reminded that the HOA issues fines in accordance with the Estate Rules Transgression Chart. A first offence for allowing a dog to roam freely or be walked without a leash carries a fine of R1,000. Thank you for your co-operation.

VAL DE VIE SHUTTLE SERVICE

The Val de Vie HOA has notified us that the VDV shuttle bus service will not be running on the afternoon of Friday, 16 May 2025. Residents whose domestic staff make use of this service should kindly make alternative transport arrangements for the day.

Note that this applies to the VDV service only; the Pearl Valley buses are not affected and will operate as normal.
