

REMINDER: PVHOA TOWNHALL MEETING

Homeowners are reminded of the Townhall Meeting taking place on Wednesday, 26 July in the Pearl Valley Conference Venue. The Trustees will provide feedback and answer Members' questions regarding the proposed new PVHOA Constitution and the Super Estate negotiations.

The meeting will start promptly at 18:00 and aim to conclude by 19:30, and Members are invited to stay for a glass of wine and canapés afterwards.

Members who are unable to attend in person can join the meeting online via a Microsoft Teams link, which will be published on Monday, 24 July.

Homeowners are also encouraged to submit questions in advance by email to info@pvhoa.co.za. All questions received will be collated and addressed at the meeting.

REMINDER: GREEN WASTE SITE TEMPORARILY CLOSED

Please note that the green waste site on Watervliet Farm is currently closed for maintenance and controlled burning.

We remind residents and garden service contractors to please stay away from the area and not dump waste elsewhere in the Estate. Any green waste that cannot be accommodated on residents' properties during this period must be removed from the Estate.

BIRDS OF THE ESTATE: MELODIOUS BOKMAKIERIE CALLS

- Article by the Estate's Senior Horticulturist, Rory Phelan

A strikingly coloured bird can be seen from time to time in the parks and gardens of the Estate, showcasing bright yellow underparts, a black collar, and olive green back and wings. Upon closer inspection, one will also notice a distinct yellow eyebrow adorning this beautiful creature. Known as the Bokmakierie, this bird holds a cherished place among our local residents and derives its name from its onomatopoeic call.

Bokmakierie call

The enchanting melodies of the Bokmakierie encompass a range of calls and whistles, but it is the familiar 'bok-bok-mak-kik' that gives this bird its name. Perched upon shrubs, it serenades its mate in a harmonious duet, a delightful scene to witness.

The Bokmakierie is a highly beneficial bird that assists in controlling the snake population. This is especially crucial on the Estate during the summer months when snake activities are prevalent. With its keen hunting skills and enchanting calls, the Bokmakierie captivates both nature enthusiasts and casual observers, making it a true treasure in the world of birds.

CAMELOT SPA[®]
Your World Of Wellness

1. Part of our Hyalupro-collagene range!

Why use collagen? As we age, our body's ability to produce the optimal amounts of collagen reduces, which impacts the integrity of our skin and other connective tissues. Supplementing sensibly with collagen can significantly improve overall system health by supporting the body's natural capability to make collagen. The benefits of using *Thalgo's Collagen 10000* include:

- Gradually filling wrinkles (even deep-set wrinkles)
- Plumping the skin by boosting hyaluronic acid and collagen neosynthesis
- Boosting the smoothing of wrinkles through its involvement in the cell division process

2. Elevate your skincare routine with this firming and lifting beauty tool accessory. The cold effect of the metal, in combination with the massaging action of the roller heads, delivers an instant feeling of firmer, more toned, and elastic skin. Facial contours appear lifted, while fine lines and wrinkles soften, making this the ideal device for use with your favourite *Thalgo Silicium* serum or moisturiser. Micro-circulation is stimulated to enhance product absorption, resulting in heightened results from your topical skincare application.
